

Dealing with criminals his way led Tony Harwood to a parting of the ways with the Miami cops. Now hes trying to make it as a private eye in the funky Florida Keys -- and gaining a reputation for getting results...his way. Ramon Marquesa has a reputation, too. As the scion of South Floridas most powerful family, and the untouchable brother of a political strongman, hes got a stranglehold on Key West that cant be broken. But now hes frantic to hide the only witness who can prove his guilt in a cold-blooded drive-by shooting. Prosecuting for the State Attorneys office, Kay Fulton needs the Marquesa conviction to keep her from abandoning her own convictions about the law, life and love. Thats why she turns to Tony Harwood. But finding the key witness in Key West will mean penetrating the sun, surf and sub-machine gun subculture of the islands Cubano community -- where everyone, cops included, mambos to Ramon Marquesas tune. That means Tony Harwood will have to play hardball...or die hard.
