

You either love it or hate it. But one thing for sure: rumors of its death are premature. This fast-paced yet in-depth look at one of the most outrageous eras in musical and cultural history discusses the fashion and the freaks, the music-makers and the celebrators, to uncover why disco was so revered and reviled and why dance music lives on today, more popular than ever. In its early days, disco was dismissed by the public as producers' music made by studio musicians. But this amalgam of African-American rhythm and blues, soul, and funk soon caught fire, bringing together black and white, gay and straight, young and old in a way no other popular music has before or since—a phenomenon that is still reverberating through the culture. As it takes you from the juke joints of the South to the world's most impossible-to-get-into clubs; from the reigning queens of the disco years (Gloria Gaynor, Grace Jones, and Donna Summer among them) to the dance-pop divas of today; from the neo-disco revival of the late nineties to the new era of electronic dance music (EDM) and Lady Gaga ... Hot Stuff will make you want to dust off those platform shoes, dig out your mirrored ball, and shake your booty all night long. (Ok, maybe not...but you get the picture).

Gentle River Flow, The River Dove: With Some Quiet Thoughts on the Happy Practice of Angling, German Wirehaired Pointer (Comprehensive Owners Guide), Jellyfish Blooms: Ecological and Societal Importance: Proceedings of the International Conference on Jellyfish Blooms, held in Gulf Shores, Alabama, 12-14 January 2000 (Developments in Hydrobiology), The Works of the Reverend William Law Volume 9, Immunity and cancer in man: An introduction (Immunology series), Burst: World Religions Student Booklets (Pkg of 5): Short-Term Teen Studies, 200 Worksheets - Identifying Largest Number of 10 Digits: Math Practice Workbook (200 Days Math Greatest Numbers Series) (Volume 9), Ocean of Thoughts, Clinical Anatomy: Interactive Lesson (Windows CD-ROM),

While disco remains one of the most maligned of all musical genres (according to Latino and gay dance clubs as for its hedonistic packaging), it is a music that.

27 Nov - 51 sec - Uploaded by John-Manuel Andriote Author and medical journalist John-Manuel Andriote offers a brief reflection on how writing.
